# Natyra® Day

Wednesday 17 August 2022

Location:  
Testing center Randwijk  
Lingewal 1a  
6668 LA Randwijk

SQ159 - Natyra® is an apple exclusively for organic farming, which stands out for its excellent eating quality and long shelf life.

This makes Natyra® the ideal apple to meet the demands of the organic market in the long term.

To learn more about the promising opportunities offered by growing SQ159 - Natyra®, we would like to invite you to the Natyra® Day on August 17 at the test station at Randwijk (NL).

## What can you expect?

In addition to the exchange among producers, consultants, researchers and traders all over Europe, we will inform you in detail about sales potential, share the cultivation experiences of Natyra® producers, give you an insight into the current market situation and visit the SQ159 - Natyra® - orchard in the test center.

## Are you in?

Just write an Email with your company name and the number of people to [marketing@fresh-forward.nl](mailto:marketing@fresh-forward.nl) to register. Participation is free.

We look forward to seeing you at the Natyra® Day!

Sincerely,  
Fresh Forward
